CEED II

Career Education and Enhancement for Health Care Research Diversity

As director of the CEED II program (Career Education and Enhancement for Health Care Research Diversity), I would like to invite you to apply for the 2020-2021 program year. This is a 12 month career development program for minorities who are underrepresented in academic medicine or the health sciences. The goal of CEED II is to provide a solid foundation for a successful research career for University of Pittsburgh medical students who are interested in pursuing careers in translational research. This program offers a diverse array of training opportunities to accomplish this goal including funding to support costs associated with scholarly research projects; professional skill building sessions; networking opportunities with junior and senior investigators; and personalized goal planning with faculty mentors. Please explore our website to learn more about what CEED II could offer you, and please contact us with any questions you may have.

If you have any questions or would like more information please contact **gcm19@pitt.edu** or **www.icre.pitt.edu/ceedII/index.html** to visit our website.

Sincerely,

Utibe R. Essien, MD, MPH
Assistant Professor of Medicine | University of Pittsburgh School of Medicine
Core Investigator | Center for Health Equity and Research Promotion
VA Pittsburgh Healthcare System
